

**Southeast Seattle Education Coalition General Meeting  
January 18, 2018 – 12.00-2.00 p.m.**

**AGENDA**

1. Welcome and Relationship Building

2. **Bolstering Advocacy: Using Racial and Ethnic Data in Community Engagement**

Who are the members of your community? What are the unique challenges they face? How do you capture and tell that story to others? How can data be a tool and source of strength for advocacy? These are the questions that will be covered and explored in this workshop, which seeks to engage in collaborative conversation with you about how Washington State's collection of students' race and ethnicity can be made most useful for you as community leaders and activists.

**Objectives:**

- Learn Washington State's current race and ethnicity data collection processes and proposed changes for 2017-2018 academic year.
- Explore examples of how disaggregated data – data broken down into smaller subgroups – can be useful in the community engagement.
- Discuss how these data can be packaged in a way that is most useful for your advocacy efforts.
