

"Because you can't have a great city without great schools."

50,000 students are counting on Seattle voters to renew two expiring school levies on February 8, 2022.

Our students need staff, programs, technology and healthy school buildings. Seattle voters can make sure our students have the resources they need at school, and in buildings that help support academic excellence by approving two critical levies in the February 8, 2022 election.

These levies are not new taxes. They replace expiring Seattle school levies. All funds approved by voters on February 8, 2022 stay in Seattle to support our students, staff, and schools.

Voting YES on Prop. 1: Renewal of the Educational Programs and Operations Levy:

✓ Renew our commitment to help every Seattle child succeed

- Staff: school nurses, librarians, family support workers, special education staff
- Programs: special education, child nutrition program, STEM
- Opportunities for students: arts, drama, music, athletics/coaches

Voting YES on Prop. 2: Renewal of the Buildings, Technology and Academics/Athletics Levy:

✓ Ensure our students have safe and healthy school buildings

- Building projects: small renovations, heating cooling systems and ongoing health and safety improvements at schools.

✓ Provide technology to prepare students for the future

- Computers and tablets for our students
- Classroom technology
- Training for educators and staff

How can you help?

- ✓ Endorse our grassroots campaign to support our schools
- ✓ Contribute to help fund these campaign efforts on behalf of our Seattle students
- ✓ Volunteer to help us communicate the critical need in the Feb. 8, 2022 election
- ✓ Follow us on social media and help spread the word!
